Connie Chandler
Corporate Account Manager
Carrington Brown Florists
Unit 5a, Voyager Business Centre
Spa Road
London, SE16 4RP

Carrington Brown, established in 1991 and based in the heart of Central London, specialises in corporate floristry. For our clients we have created many lavish displays to suit individual requirements for offices, reception areas, board rooms, corporate dinners and public receptions. The depth of skill that Carrington Brown Flowers delivers has been developed over many years allowing you to be secure in the knowledge that the *desired effect you want is the design that you receive*.

Our Corporate division delivers over 350 floral arrangements weekly to over 280 corporate and private addresses in Central London. Our clients include advertising agencies, banks, insurance companies, government departments, solicitors offices, property management and IT companies. All prices are exclusive of VAT. Details of our personalised service to customers are overleaf.

Environmental statement: Carrington Brown is committed to minimising the impact of our business activities on the environment and reducing our carbon footprint; from the flowers we buy to the waste that we produce. Currently we source most of our tropical flowers and foliage from the Rainforest Alliance accredited growers and by doing so we help protect the forests and sustain small growers in South America. We actively recycle all our floral waste and packaging by making sure that it is dealt with by the Energy Recovery Facility, it turns our waste into power which is returned to the National Grid.
